SENIORS

Senior Class Officers

History of Class of 1944

By NANCY HORD

When our class entered the doors of Beverly High School that September morning in 1941, we felt that we were entering upon a new and exciting venture, but we little realized the good times, the hard work, and changes that were ahead of us. We numbered approximately 350 at the beginning of that year. Because many have left to join the services of our country or to take part in some useful war work, we have dwindled down to about 240.

We have witnessed many changes around the school the past two years—in particular, the change of faces among the faculty. Our principal, Mr. Pierce, stepped into the superintendent's position during Mr. King's absence, and was succeeded by Mr. Atkinson who came to us in September of 1942. He has proved himself to be a good friend and counselor to us. Many teachers have left to be married; others have gone into all branches of the service. We were sorry to see them go but were glad to welcome new friends into our midst.

In order to prepare the boys for the armed services, new, special courses have been started emphasizing mathematics, aeronautics, radio, physics and gym. Also a Victory Corps has been installed. Members have been inducted into this organization at two very impressive ceremonies.

During our Sophomore year we elected as officers: President, William Merealdi; Vice President, Allen Elliott; Secretary, Nancy Hord; Treasurer, Polly Parker.

The members of the Executive Committee were: Jane Howarth, chairman, Donald Carr, Wallace Bruce.

The Student Service Committee consisted of: Phillip Carr, chairman, William Hoikala, Howard Keech, Wilburta Bunker, and Frank Russo.

The annual Drama Night competition was held with our class proudly walking off with the banner. The one-act play was a comedy entitled, "Make Room for Rodney." The cast consisted of Richard Lawrence, Lillian Horne, Wilburta Bunker, Sumner Peabody, Geraldine Snell, Helen Ginsberg, Gordon Hamilton, and Calvin Perkins. Richard Lawrence was chosen the best actor.

The officers for the Junior year were: President, William Mercaldi; Vice President, Allen Elliott; Secretary, Polly Parker, and Treasurer, Nancy Hord.

The Executive Committee was: Howard Keech, chairman, Robert Bresnahan, and Martha Tucker.

Ralph Johnson as chairman, Phillip Carr, Phyllis Courchene, Ruth Glover, William Hoikala, Lillian Horne, William Morgan, and Joseph Standley made up the Social Committee.

The members of the Student Service Committee were: Donald Carr, chairman, Harold Foote, Mabel Him, Richard Lawrence, Jerry Snell, and Pearl Spear.

Once again our class, as Juniors, was awarded the prize for the outstanding play of Drama Night. The cast was as follows: Richard Lawrence, Bessie Tibbetts, Anita Perrotta, William Morgan, Arlen Cohn, Wallace Bruce, and William Mercaldi. Bessie Tibbetts merited the gold pin for the best acting in the play, which was called "Ghost Hunters."

In June, at the Senior assembly, a very impressive service was held inducting new members into the National Honor Society. The Junior members elected were Phyllis Courchene, Jean Cannon, Mabel Him, William Mercaldi, Martha Tucker, and Nancy Hord.

Once again class officers and committees were chosen, this time for our Senior year. They were: President, Allen Elliott; Vice President, William Mercaldi; Secretary, Nancy Hord; and Treasurer, Jean Cannon.

Our very efficient Executive Committee consisted of: Wallace Bruce, chairman, Patricia Smith, Virginia Benham, Elinor Hart, Joseph Standley, and Ross Roberts. We owe much thanks to this committee for their splendid work during this busy Senior year.

The members of the Social Committee were: Thomas Stokes, chairman, Jeanne Wells, Norma Cann, Gordon Hamilton, William Morgan, Laurie Sabine, Phyllis Courchene, Jean Carpenter, May Andrews, and Betty Russell.

The Student Service Committee was made up of six students: George Tozer, chairman, Lois Sherman, Henry Desmond, Geraldine Snell, Stuart Mackenzie, and Theresa Mahoney.

Although the field of sports has been gradually cut down, due to war-time conditions, many of the seniors have participated. The boys who have taken an active part are: "Bob" Hathaway, "Phil" Carr, Winston Naugler, "Joe" Celentano, "Joe" Cuoco, Sabino Modugno, "Jerry" Murphy, "Doug" Cram, "Dan" Tower, Fred Bresnahan, Gordon Allen, "Bill" Baker, "Bill" Mercaldi, "Doug" Nelson, "Rock" Shea, Robert McMahon, Stuart MacKenzie, Allen Elliott, Bennett Merry, James McElroy, Howard Keech, "Red" Harlow, Paul Harrington, Richard Steniford, Thomas Stokes, and Robert Goodell.

Girls who have been prominent in basketball or field hockey are as follows: Helen Swanson, Muriel Muir, Mary Reid, Barbara Ricker, Mary Gorman, and Elinor Fielding.

For the third time, we entered the competition on Drama Night, but this time we humbly gave up our first place and bowed to the Sophomores. The cast of

David E. Berry "Elmer"

Glee Club 12.
"Wal, I dunno, you see—" are the words we often hear Elmer say. He plans to join the Navy and stay in it at the end of the war. His hobby is singing in harmony with others. Whenever old Elmer would sing,
How those corridors would ring!

Edmund Heath "Eddie"

Photocraft Club 10; Glee Club 12.

Edmund prefers the Navy, but eventually he hopes to do work in printing.

Ever in a hurry is he
For things he may do and see.

John M. Donlon "Jack"

Commercial Club 10; Football 11, 12.

John does not mind which branch of the service he enters. He does enjoy collecting stamps and making model airplanes. His much repeated command is, "Get ready for a quick jazz!"

As a talker he can't be beat;
Politics will be his meat.

Gilbert D. Nadeau "Gil"

Bowling 11, 12; Cheer Leader 11, 12; Cross Country 10, 11; Home Room Vice President 10; Secretary 11, President 12; Orchestra 10, 11; Track 10, 11, 12; Victory Corps Community Service 12.

Gil says he's going into the Navy to keep up the family tradition. He says his favorite hobby is driving a car; quite often we hear him saying, "Tough stuff!"

With Gil anything goes that's fun and fair,
And his jolly chatter fills the air.

Robert Gardner "Bob"

Photocraft Club 11; Victory Corps General Member 12.

Bob wants the Marines. His hobby is skiing.

Ne'er a day goes by
Without Bob and his bow tie.

Frank Russo "Frankie"

Home Room President 10, 11, 12.

Frank is willing to go into the Army or work in a defense factory. Roller skating seems to be his hobby.

Frank is the boy who skates, we all know;
Some day he will be the star of a show.

National Honor Society

Seated—Jean Cannon, William Merdaldi, Nancy Hord.
Standing—Martha Tucker, Mabel Him, Phyllis Courchene.

Our school became a member of the National Honor Society in 1927 and our branch of the organization is the Gamma Chapter. Membership is gained through scholarship, service, leadership, and character, the first step necessary for consideration being a high scholastic attainment. Up to the present time we have three hundred and ninety members. Of that number one hundred and forty-three are boys and two hundred forty-seven are girls.

The members elected during their Junior year serve to induct the new Junior and Senior members into the society at the Senior Assembly in the spring. The service is impressive. The inductors, appropriately costumed for the occasion, explain the meaning of membership in the society and administer the oath to the new members.

At the second annual Victory Corps induction ceremony last November, 650 students pledged themselves to uphold the ideals of the Corps. Guests who administered the oaths to the special divisions were Lt. Commander Earl F.

Plank, U. S. N. R., Mr. Leslie Morgan of the American Legion, Lt. Carleton B. Hovey, U. S. N. R., Mr. Adon R. Hoar, United Shoe Machinery Corporation, and Mrs. Ada M. Smith of the War Savings Committee. Mr. Atkinson adminis-

tered the oath to the general members. The principal speaker was Dr. Homer W. Anderson,

This branch of the Victory Corps has been organized for many months. During this time the corps has covered a pre-basic course consisting of the following parts: Army Life and Military Courtesy, Army Terminology and Discipline, and the Army in the Field, which includes map reading and compass reading. This course is supplemented by the academic studies of every member. By the completion of this course it is the intent to give the boys enough information to enable them to advance more rapidly when in the service.

The Sea Service Division of the Victory Corps has had thirty-five active members and six associate members this year. All have rendered service in part-time employment, or in some vitally needed volunteer service in addition to school opportunities. Five of our members have left for active service in the U. S. Navy during the year, and several more will answer the call shortly after school closes in June.

Our work in the Victory Corps period has been largely of three types: (1) outside speakers, (2) class room lectures followed by individual research, and (3) movies. Our speakers have been men who have seen active service in various parts of the world, and their accounts of their experiences have given us first-hand knowledge of what we must meet. Our class room lectures have served as orientation work, and, followed by individual research, have made the work interesting and worth while. The movies shown have been on various functions of the Navy, or work in and out of school.

The Sea Service Division has endeavored to give the members all the special training possible to enable us to enter the branch of service in which we are most interested and for which we are best fitted.

The Library Service Group of the Community Division Service is a group of forty girls interested in helping provide recreational material for the service men.

This group conducted a drive for games, puzzles and playing cards. Material collected was sent to the U. S. O. for distribution.

The members participated in the Massachusetts Victory Book Campaign. Our goal was 500 books. As part of this project, some members presented a short play on a Sunday program of the Essex County American Legion Auxiliary over WESX.

The group has undertaken other interesting tasks. Comic books were collected in the last special drive of the year. Scrapbooks of jokes, cartoons, short stories and puzzles were made to be sent to convalescent soldiers in hospitals. The work of collecting and mounting pictures of B. H. S. alumni in the armed services was continued.

The Clerical Aid group of the High School Victory Corps has enjoyed an instructive year under the guidance of Miss Brown and Miss Moore.

The girls have been trained in the fundamentals of business such as would be practiced in a general office routine. This teaching has consisted of filing, typing, assisting with clerical work connected with the Victory Corps, and valuable experience at the Beverly Rationing Board.

Much of the Victory Corps work has been attended to by the members of the Clerical Aid group who feel they have acquired valuable knowledge under expert guidance.

The Pan American Relations group is a new addition to the Community Service Division of the B. H. S. Victory Corps. The class has studied the customs and policies of Puerto Rico, and of many South American and Central American countries, including Mexico, Guatemala, El Salvador, and Chile. Miss Russell told about her experiences in, and her impressions of her trip to Mexico. Miss Angelita Bernal from Endicott Junior College talked to us about El Salvador, her native land. A moving picture in technicolor was shown of a trip over the new Pan American highway. Nine South American countries were visited. Exhibits of materials, dolls, etc., from several of these countries have added interest to the study of Pan America.

The Letter Writing Group of the Victory Corps comes under the General Membership Group. It is a newly organized group with a membership of twenty-five girls, and sponsored by Miss Alice Chynoweth. The primary purpose of this group is to write letters to those boys who attended Beverly High School, and who are now serving in the armed forces. We started out with approximately twelve names; then parents, students, and members of the faculty answered Miss Chynoweth's call for more names. There are approximately one hundred boys who receive not only letters, but the "B. H. S. News" as well. The Letter Writing Group has proven to be a great success, in that it has kept, and still is keeping, the boys informed of the news from the home front.

The Boys' Glee Club was organized in September, as a branch of the General Service Division of the Victory Corps. Its purpose is to acquaint musically-minded boys with group singing in preparation for the Spring Concert. The Club, consisting of first and second tenors and basses, under the leadership of Miss Carabello, meets in the assembly hall during the Victory Corps period on Tuesdays. The group has studied chiefly popular pieces, among which are "Stout-hearted Men" by Sigmond Romberg and "Ol' Man River" by Jerome Kern.

The acquainting of the boys with music has a definite meaning in the war and in the post-war world. The finer arts must not be lost in this war. Therefore these boys are building morale today and are also preparing for the future by learning the inspirational values which shall be a part of the world ahead.

Gordon Hamilton has served as President of the Student Council during our Senior year. He deserves much credit for his fine work, and has our sincere appreciation for the faithfulness with which he has served. The other Senior members of the Council were Natalie Cole, Vice President; Nancy Hord, Secretary; Mabel Him, treasurer; Martha Tucker, Jane Howarth, Allen Elliott, and Robert Hathaway. They have taken part in several questions of importance, and have enjoyed the democratic spirit of all the meetings.

As we leave dear old Beverly High, "the friendly school," and step out to take our places in the world, let us keep in mind this thought of Confucius:

"The superior man, in the world, does not set his mind either *for* anything or *against* anything; what is *right* he will follow."

History of the Junior Class

By ERMA McLEAN

In September, 1942, the class of '45 began a very enjoyable and successful Sophomore year, which left us all with unforgettable memories.

During that year we elected our homeroom officers and delegates, we joined the different clubs, and became a real part of Beverly High School.

When Drama Night arrived, we presented "Elmer and the Lovebug," and although we did not win the coveted banner, we provided the audience with rollicking entertainment. William Floyd, who portrayed "Elmer," received the prize for the best acting. Others in the cast included Barbara Haskell, Jane Brotchie, Estamarie Shea, Phyllis Webber, Lucile Gove, Gwendolyn Leonard, Edward Flook, Warren Griffiths, Marylou Buckley, and Richard Burr.

In the various sports offered at Beverly High School many Sophomore boys and girls participated.

At the end of our Sophomore year, we elected our Junior Class officers:

President—Armand Fortunato

Secretary—Erma McLean

Vice President—John Carr

Treasurer—Sally McKay

When summer vacation came, and ended our activities, we all regretted leaving but we looked forward to a Junior year that would be as pleasant.

In the drama night competition we presented the play "Blow, Bugle, Blow," and though, again, we did not win the banner, our play was well received by all. The cast included: Marylou Buckley, who won the prize for the best acting, Barbara Haskell, Phyllis Webber, Elaine Stuart, Warren Griffiths, and Marland Slaven.

Our class of '45 was well represented in all the school sports. Those who went out for football were: Ralph Lewis, John Dooling, William Kelly, Robert Pelonzi, and Robert Hoar.

The Junior boys who played basketball were: John Dooling and Eugene Lamontagne.

The Juniors on the girls' basketball team were: Lorraine Anderson, Shirley Trask, and Annette St. Pierre.

Members of the Student Council who are serving us so well are Sally McKay, Marylou Buckley, Erma McLean, Armand Fortunato, Helen Grant, and Robert Scanzani. Their duties will continue on into the Senior year.

We are proud of Wilbur Surles, Tom Ward, Emerson Wright, Sidney Rowell, Fred Crow, and Thomas Larson, who have answered the call of their country and are serving in different branches of the armed forces.

The class of '45 is now looking forward to a Senior year, and anticipates an even more memorable one than our Junior and Sophomore years.

History of the Sophomore Class

By CONSTANCE BERNASCONI

September 8, 1943, was a big day in the lives of the recent 342 Briscoe graduates. We were assigned to the third floor of the High School, which soon became a scene of bedlam. Lockers, combinations, new faces, strange teachers, all added to the confusion and turmoil. A common sight was that of a quavering Sophomore asking an imperialistic Senior where he was, or where to go.

During our first quarter we became more established in our new surroundings. We organized as a class under the guidance of Miss Higgins and elected our class officers: Robert LaPointe, President; Joseph Cressy, Vice President; Connie Bernasconi, Secretary; and Caroline Wyeth, Treasurer. Home Room officers and members of the House of Delegates were elected. Clubs were organized. Even more than last year, the Victory Corps has become an important function in the daily tasks of the students of B. H. S. Many of us are doing our part by buying and selling war bonds and stamps, doing surgical dressings, letter writing, clerical aid, and other essential projects that go to make up the Victory Corps.

This year Drama Night was a bright spot in our history, for we, the "baby" class, won the banner. The play was a farce entitled "The Bard of Bakerville." The cast included Susanne Bowles, who was awarded the prize for the best acting, Warren Allen, Betty Edwards, Jean Birmingham, Horace Smith, Thelma Hardy, Edward Neve, and Sylvia Chouinard who helped to make this the outstanding performance.

We also made an impressive stand in football. Our contributions to the first team were Austin Hilton and Joe MacDougall. Richard Bernier, Francis "Brother" Roberts, Robert Pasek, Victor Modugno, John Bickerstaff, Robert Robinson Harry Munsey, Jack Murphy, Alfred Beaulieu, and Ralph Fiore, the subs, did their bit.

Our own Jack Healy made the first team in basketball. The second team of sophomores consisted of Raymond Kelleher, Curtis Foster, Robert LaPointe, Leo Bucklev, Joe MacDougall, and Robert Robinson. These boys gained much experience by going to out-of-town games.

At this same time we find that Ramona Huard, Corinne Estes, Jean White, Laura DiFazio, Eleanor Hopkins, Barbara Murray, and Thelma Hardy should be credited for their ability in basketball.

We look forward to a Junior year full of activities and as enjoyable as our Sophomore year has been.

The Student Council is one of the two sections of student government at Beverly High School. It is made up of eight Seniors and six Juniors, who are chosen by the students. In the spring six Sophomores are elected.

At the present time, because so many students work after school, meetings are held during school time, twice a month in alternating periods.

Problems which arise around the school and new ideas for improvement are discussed at these meetings. The Council has sponsored several projects to raise money for either the school fund or the war effort.

Every group of school pupils, whatever their age, is entitled to a student organization through which the opinion of the student body can be had on matters of interest to the school. This is necessary not only for democracy but also for the sake of student morale, for every group under the general authority of another group is always eager not only to make suggestions but to know the reasons behind regulations and customs.

Our House of Delegates is the larger of the two bodies of student representatives, with each home room having a delegate. A suggestion felt by the House to be of value is referred to the appropriate committee for investigation. If the committee reports favorably, the House usually votes for it and passes the matter on to the Student Council, which may veto it or pass it on to the principal.

The officers are as follows: President, Polly Parker; Vice President, George Tozer; Secretary, Marjorie Martin; Sophomore Executive Committee member, Robert LaPointe.

The committee heads are: Student Service: Barbara Sullivan; Cafeteria, Shirley Norman; Athletics, Manning Chellis; Social, Ruth Glover.

Our school literary magazine, *The Aegis*, derives its name from the Greek word *aegis*, which means shield; therefore, our literary efforts are protected by the power and influence of the symbolical name which the publication carries!

The *Aegis* is issued four times during the year; its circulation includes students, alumni, interested citizens, and other schools. The chief aims of the *Aegis* are to awaken deeper interest in Beverly High School, to foster school spirit and enthusiasm among our students, and to give literary training to the pupils.

It has been the intention of the *Aegis* this year to pay tribute to various branches of the armed forces and particularly to some of the recent graduates of Beverly High School now in the service. Members of the *Aegis* Board have been most cooperative during this war year in giving valuable time and energy in making available this material for the service section, as well as doing the routine work necessary for the publication of the usual items in the magazine.

This year's staff includes Martha Tucker, Editor-in-Chief; William Mercaldi, Assistant Editor; and Ernest Cook, Priscilla Nyman, Virginia Benham, and Edward Roundy as senior reporters. Miss Longley has been the sponsor.

The choir is a club which meets once a week under the direction of Miss Carabello, who introduced to B. H. S. many excellent new ideas in the way of choral music. Its members consist of boys and girls of B. H. S. who are interested in music and choral singing.

The choir has taken an active part in many of the assemblies, especially the Thanksgiving and Christmas assemblies, which were made more impressive by a musical background furnished by the choir.

At present, along with the Boys' and Girls' Glee clubs, the Choir is preparing for a Spring Concert. They will sing the following selections: "Land of Our Hearts," by Chadwick; "Dark Water," by James; "Sympathy," by Friml; "Will You Remember" by Romberg; and, "The Cherubic Hymn" by A. Gretchaninoff.

The membership is generally limited to about fifteen boys, who manage the stage settings, lighting, and sound effects used in the various stage presentations.

At the close of the year officers are elected for the ensuing year. These consist of a director and a secretary-treasurer. The boys are given an opportunity to earn money, as a crew is selected to work on the programs presented by outside organizations.

A slide rule is a time-saving device used in industry by machinists and engineers, and in business offices to check the clerical accuracy of pay rolls, etc. The most complicated mathematical computations can be made in less than a minute with this instrument. Any boy or girl who is eager to learn how to perform multiplication or division, find square or cube root, with a slide rule, should join this club. The only requirement is that each member come to the meeting bringing an inexpensive slide rule.

Football

Although hampered by the loss of a great half-back, Joe Cuoco, by injury, and the enlistment of two other prominent lettermen, Red Harlow and Paul Harrington, Coach Toczowski introduced a new system with the promise of success in the future. Despite the few victories, the 1943 season had its many bright spots. Bob Hathaway was the source of many of these highlights. His seventy-five yard jaunt against Amesbury for the first touchdown scored against them and his line-bucking against Lawrence High proved his mettle. Under classmen in the lime-light were Austin Hilton and Dick Bernier, who head a long list of future gridiron stars. Win Naugler, Joe Celentano, Phil Carr, Sam Modugno, Al Elliott, Doug Cram, Dan Tower and Jerry Murphy all played their last game for B. H. S. on Thanksgiving morning. We wish them the best of luck in their schedules for the future.

GIRLS

YOUR KIND OF WORK

FOR VICTORY

Bits and pieces, assembled to perform miracles of sight and sound, call for a woman's intuitive sense of order and detail, her patience, the delicacy and deftness of her hand. She understands and appreciates the importance of such human things as better eyes and ears.

At Sylvania, a woman finds her kind of work for Victory — work she can do superlatively well.

With stepped-up war production, there are more women than ever employed in Sylvania plants. From their supple, flying fingers come incandescent and fluorescent lamps to light American war work — radio and electronic tubes vital to military and naval communications by land, sea and air.

We have done everything possible to create a pleasant working environment for women — light and airy plants, wholesome food, scrupulously clean washrooms. We are rewarded when we see girls “dress up” to these surroundings, look and act more like college students than factory workers.

We had our women employees in mind when we pioneered in flooding our workrooms with music. And our theory that harmony would promote efficiency has been borne out by the production results.

GIRLS WANTED to join others in working with verve
for Victory. Apply from 8 A. M. to 6 P. M. at the
Danvers Plant.
